

No. 1490

1 of 10 Good Styles

A Working Man needs Working Men's Shoes. **SUNFLOWER SEAMLESS SHOE No. 1490** for Farmers, Mechanics and Working Men in general, is without an equal. The upper of this shoe is cut in one piece from fine plump Calfskin and is crimped by hand to the required shape. **SUNFLOWER SEAMLESS SHOES** cannot rip, for the reason that they contain no seams whatever. Think of it! A shoe that cannot rip. You don't know what you've missed by never having worn a **SUNFLOWER SEAMLESS SHOE**. Even if you're not quite ready to buy, come in and see what the best of all work shoes really are.

No. 1905

1 of 10 Good Styles

The above Cut is of our No. 1905, Men's "SUNFLOWER" Goodyear Welt, Glazed Kangaroo Blucher. For light dress purposes this shoe is very popular, the leather is thinner than Kid, but just as soft and pliable. It never peels nor scuffs, and is as tough and durable as Buckskin. The Soles are of the best Rock Oak Sole Leather. The Eyelets and Hooks are fast black and cannot wear brassy. No. 1905 is one of the best and most popular shoes for Men in this high grade line. We will be glad to show you our whole line of **SUNFLOWER SHOES**. Purchasers or investigators equally welcome.

Hazelton Items.

Fred Dicks was under the weather most of last week and is not yet able to do much.

W. S. Kirkendall sends \$2 and J. O. Webb \$1 to keep them in good standing with The Index.

J. O. Webb and family and Miss Bertha Mills were Hazelton visitors Saturday. They returned home Monday. Work is now being pushed on the new bank building and if the weather acts right it will be a reality soon.

A. H. Elgin has been erecting a new building on his farm south of town that will add greatly to the value of the farm.

After using the road drag between our house and town we are now in favor of using it some more as it certainly does the work.

Clyde Maltbie was arrested again last week charged with troubling J. C. Dimmick. The case will be tried some day next week.

Thursday an Illinois sheriff landed here and with the aid of Clark Buntion of Kiowa arrested Dwight Quinn on charge of wife abandonment in Illinois. The sheriff left with his man Friday morning. Dwight has been here over a year and has conducted himself very well, having a good time with the young folks, especially the girls who feel "sorter" plagued over having made his acquaintance. He has left a few unsettled bills probably on account of having to leave on such short notice.

F. G. McLain received a telegram from Seattle, Washington, that his son Bert had died and the remains were being shipped to Hazelton. Bert was a fine young man and his sudden death will be sad news to his many friends. He had been in that country about three weeks. Nothing has been learned here as to the cause of his death. The Masons took charge of the body and are attending to getting it through to this place. No funeral arrangements can be made here until the arrival of the body.

Out of Reason

Editors Index: In the matter of Jess Morlan who was arrested and fined \$100 or over, I desire to say that I think it is absolutely wrong. He is a man addicted to the liquor habit and has a wife and family to look after. He should have been fined within the bounds of reason. Others are supposed to have been drunk on the streets of Medicine Lodge and were not even arrested. Now this whiskey business can be hounded down and I say that not only the man who drinks it should suffer, but the man who sells it or the man who permits it to be sold or taken out of the depot should also be punished.

Sun and Lake City Happenings

N. E. Maccabee left last Monday for Guthrie, Oklahoma.

Boone Redwine is building a hardware store 24x60.

The teacher of McAdoo district had to give up her school on account of sickness.

Henry Warnstaff of Attica was in Lake shaking hands with old friends last Wednesday.

Miss Anna Kaminaka, sister of Mrs. C. A. Simon, returned to her home at Capron, Oklahoma, Monday.

If you wish to know just how much cake was on display at the Larkin-Cooke wedding, ask Frank Cooke.

Blaine Jones instructed us to say that his saddle animal was not a "flaxy mane mare," but a cream colored horse instead.

Mrs. Fogleman of Indianapolis, Indiana, is here visiting her brother, Bert Kennedy. She will probably remain several months.

Harry Miller and better half returned from Woodward last Tuesday where they spent a few days merry making with friends and relatives.

Owen Wall, manager of the Shaw ranch on Mule creek, has been sick with typhoid fever the past ten days. His father came Saturday to be with him during his sickness.

We have just received a nice little bunch of statements for delinquent subscribers of this paper, so if you should be approached by a lank, hungry looking fellow, don't be afraid, it is I.

It made a very pleasant little journey to drive to the Lodge before the R. R. was built—But O, You Train!—We were only one hour and twenty minutes coming from the Lodge to Lake last Monday a week.

It isn't so bad when a man authorizes himself to take his neighbor's horse and buggy for a drive if he will acknowledge it, but when he gets the accommodation without recognizing the owner he is just a shade better than a thief, if any—smoke that!

Gene Bullock is making ready to build a barber shop which will be located on the lot just east of Bissanz's store. Gene is a natural born artist with a razor and none the less when it comes to cutting hair. He ought to do a good business at Sun.

It seems, after all, that about ninety-nine and nine tenths of the people, church members and all, are professional growlers. In our rounds during the past week we never had a half dozen words with any man without he had to roar on the weather.

Wm. Ward went to the Robinson stock farm at Towanda, Kansas, last week and purchased one of the best draft stallions in the state. He is only 4 years old and weighs 2030 pounds. Mr. Ward has no taste for western bronchos or Arkansas hogs but he is to be commended in the fact that he is always on the lookout for the best, which certainly pays in the long run.

Misses Bernice Woodward and Hattie Arnold, teachers of Sun City schools, are giving their pupils lessons in sewing and drawing aside from the other work. Both older and younger pupils are taking deep interest and are learning much of the two arts which are so much neglected. The school, generally, is making rapid progress under the instructions of these very competent teachers.

It seems that it is a popular idea among road bosses to work the roads late in the fall. Of course this is the most convenient time with farmers to work them but does it pay? It is our small opinion that if this could possibly be done sometime during the spring we would have good solid roads the year around, or at any rate much better than we have on the other hand when the work is done in the fall.

The Kimball Trio which entertained at Lake City Friday evening was by far the best number of the course that has been given, notwithstanding the violin and piano numbers were purely classical. They were executed with exactness and taste and there were but few but who seemed to feel the thrill of every sound. Surely one cannot listen to such beautiful soul stirring harmonies without feeling grateful to the giver of every good and perfect gift.

At the home of the bride's parents, January 19th, at 5:30 o'clock, p. m., occurred the marriage of Miss Winnie Cooke to Mr. Edward Larkin. Nick Larkin was best man and Miss Pattie Cooke bridesmaid. Rev. Timmons was master of ceremonies and did his part without any uneasiness whatever. After congratulations the company (all of whom were relatives of the bride or groom, excepting the parson and Miss Overton) repaired to the dining room where a most sumptuous three-course dinner was served. These are young people who have been reared in this part of Barber county and are an industrious and highly respected couple. Here's hoping that their lives may be such as will be a blessing to themselves as well as to the community in which they may live. They will go to housekeeping immediately, on what was the former Stewart place.
